  Data Analyst / Database Manager
  Key responsibilities:
  - Created weekly reports to pinpoint progress and slacks in performances and in revenue.
  - Ensured database system possessed ACID features for smooth operations.
  - Managed and organized the database system to ensure to redundancies and discrepancies are avoided amongst stored data.
- **8Mb Tech Services Limited** February, 2025 - Till date
  Product Analyst
  Key responsibilities:
  - Created and managed the company's database for efficient storage and retrieval of information.
  - Created a data pipeling using python textract web data and transform them for implementing food price prediction project.
  - Developed a product that predicts the price of food commodities as fuel price fluctuates in Nigeria using python amidst other tools.
  - Stepped into the position as a crypto analyst while developing the CEO's memecoin project "Mbappe tears" the project had a successful launch and is still active in the market.
- **Netisens ICT, Uyo, Akwa Ibom State** July, 2024 - April, 2025
  Market Analyst - Mentor
  Key responsibilities:
  - Carried out Presentations using Power BI and other visualization tools to satisfactorily explain complex and logical solutions to Technical and non-technical staff alike.
  - Curated a course content and educated a 9 year old kid with the fundamentals of data analysis and within 3 weeks he was able to carry out data cleaning, basic analysis with excel functions and do a simple visualization.
  - Converted more than 45 clients from knowing very little about data to building solutions with analytical tools including python.
  - Sphearded a flexible team that resolved a fault in prospect -client turn over, this led to a significant 35% increase in the result within the first 3months.

- **The Data Immersed** January 27, 2024 - Till date
  Project Facilitator (Remote)
  Key responsibilities:
  - Coordinating with team members to identify and mitigate potential project risks, ensuring timely completion and delivery of high-quality results to stakeholders.
  - Designing and curating engaging coursework to onboard junior analysts, providing them with the skills and knowledge needed to excel in their roles and drive business success.
  - Developing and implementing engaging training sessions, encouraging active participation and knowledge sharing.
- **LASkill Training Center** September, 2023 - January, 2024
  Data Analyst / Insight Instructor (Hybrid)
  Key Responsibilities:
  - Conducted descriptive analysis of client business activities, providing valuable insights that enhanced operational structure and positioning. My work enabled data-informed decision-making, driving efficiency and productivity.
  - Coached multiple employees to become data analysis experts, equipping them with skills to drive business growth. My guidance helped build a data-driven culture, fostering informed decision-making and strategic insights.
  - Researched the company's marketing plan, uncovering critical insights that drove a 35% sales increase. My analysis informed strategic decisions, optimizing marketing efforts and fueling business growth.
- **3MTT, Akwa Ibom State, Nigeria** August, 2024 - September, 2024
  Data Science Mentor
  Key responsibilities:
  - Collaborated with facilitators in other digital careers to curate projects that harbors team building amongst trainees.
  - Organized mentoring sessions for Newbies weekly, imbibing in them the zeal and tenancity to solve real world problems with data.
  - Sphearded presentations and real world data challenges to foster a professional work and research ethics amongst trainees.
  - Structured a course content/ curriculum that successfully breed a set of junior data scientist to be deeply rooted in data analysis and critical thinking.
- **The RootHub** November, 2021 - Till date
  Data Analyst / Junior Data Analyst (Hybrid)
  Key Responsibilities:
  - Contributed to the course development for 3MTT, mentored fellows and aided their career growth process.
  - Conducted a market research analysis for a management app that achieved the desired result for our prospect.
  - Led a group of Data analysts in making 92% successful predictions about the business and professional sectors.
  - Performed regular monthly analysis of the Hub's performance and made significant discoveries that improved their workforce and output.
  - Tutored and mentored Junior analyst into mid levels which produced a sizable number of experts in the data analysis field.

SKILLS SUMMARY

- Adaptability: I can adapt to different client needs and changing situations per time.
- Communication : Effectively communicating verbal or written ideas and persuading potential clients.
- Database Management: Proficient in Google forms, Google sheets, MS Excel, MySQL
- Data Visualization: Adept in Python, Power BI, Tableau.
- Leadership: Managing teams effectively in order to achieve set goals.
- Machine Learning Algorithms: Proficient in Decision Tree, K-nearest neighbors, Multiple regression model and Simple linear regression model.
- Problem-Solving: Identifying clients needs and concerns meticulously.

CERTIFICATIONS

- **HNG Certificate of Participation** - 2025
- **Google Coursera Certificate** - The concept of Data analysis (2021)
- **The RootHub Certificate** - Learnt data cleaning, preparation, analysis, queries, visualisation and python programming (2019)

INTERESTS

- Mentoring
- Research
- Solving Logic Puzzles

ACTIVITIES

- Volunteered as a speaker- StartConfest(2023)
- Volunteered as a Devfest speaker(2023)
- Volunteered as worker techup 1.0(2023)
- Volunteered as panelist - tech up 2.0(2023)
- Volunteered as devfest worker (2022)
- Volunteered as worker Tech101(2021)
- Volunteered as worker - mayday(2020)

ACHIEVEMENTS & AWARDS

- Founder of GemNexus - A community that guides young minds in data analysis and provide hackathons, constructional debates and challenges that in turn boost the critical thinking ability and analytical skills of the community members

LANGUAGES

- English (Fluent)

PERSONAL DETAILS

- Date of Birth : 27/11/2000
- Gender : Male
